I.E.S “FRAY LUIS DE LEÓN” is a High School located in Las Pedroñeras, a nice town situated on Castilla La Mancha, the region of Don Quijote de La Mancha, the most famous Spanish novel. The town, known as the "Capital of Garlic" for the excellence of this product, is located in the centre of Spain, in a rural and agricultural área, near Madrid, Cuenca and Toledo (Cuenca and Toledo are world heritage cities).

In our center there are 518 students and 60 teachers. There are 266 students in Compulsory Secondary Education, 139 in baccalaureate and 113 in Vocational Training: TRADE AND MARKETING (Diploma of Education in Food Marketing Higher Technician in International Trade) ,

SPORTS AND PHYSICAL ACTIVITIES (Diploma of Higher Education in Social and Sports Teaching and Animation) and HOTEL INDUSTRY AND TOURISM (Basic Professional Degree in Cooking and Catering).

Our school timetable runs from the second week of September to the third week of June, including two weeks of Christmas holidays and one week of Easter holidays.

Our students attend the school from Monday to Friday, in the morning. Although the school is also open in the afternoon for one of the vocational training courses, for adult classes and for various activities organised by different associations, the school lends its facilities.

A high percentage of its pupils come from neighbouring towns and this fact makes the school a place of reference and coexistence for adolescents in the area.

The school is located in an eminently agricultural area, serving a lower-middle class population with a high percentage of immigrants from other areas of Spain or of different nationalities. More than 10% of our students come from foreign countries.

Our school is a bilingual English language centre and is also a Cambridge exam preparation centre. In addition, we are part of the conversation assistant programme co-financed by the European Social Fund.

We are part of the + Activa Network as a Centre Promoting more active and healthy lifestyles, due to the involvement of the entire educational community in various projects related to health, sport and healthy habits.

At the moment we have several projects underway to improve digital competence and a plan for equality and coexistence.

The teachers who will be in charge of running Erasmus+ projects are:

- **Ana Isabel Ruiz Hortelano** (Erasmus referent teacher):
anaisabel.ruiz.hortelano@gmail.com
- **Juan Antonio Salido Salido** (Training Coordinator)
- **M Carmen Toribio Ballesteros**: (English teacher)
